

# WE'RE PROTECTING YOU FROM COVID-19

## To protect you while you visit our clinic, our staff:

- Screen themselves daily for cough, fever and shortness of breath

- Ensure sick employees stay home

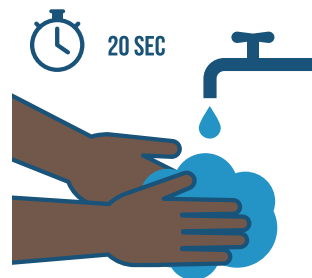

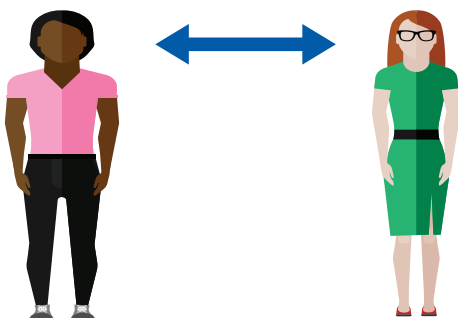

- Clean and sanitize surfaces around the clinic frequently

- Wash their hands between each patient interaction and change their masks regularly

## You can help protect others by:

- Stay at home as much as possible
- Maintaining proper physical distancing of at least 6 feet between you and other people

- Washing your hands frequently and refrain from touching your face
